Southside Park

The re-envisioned Southside Park is one of the largest greenspace in Brickell. The park serves as a connective node to the Brickell neighborhood through the pathways of Miami's recently opened and celebrated UnderLine (also by Field Operations). The entire city block is conceived as a harmonious pedestrian and public realm. The energy and experience of the city is drawn through the park at the ground level, creating an integrated pedestrian experience that, rising with the building, redefines and extends it into the sky.

- Padel ball courts
- Basketball court
- Dog run
- Water feature
- Childrens' playground
- Direct connection to the UnderLine

BRAND PARTNER

Mercedes-Benz

Mercedes-Benz AG is part of the Mercedes-Benz Group AG with a total of around 166,000 employees worldwide and is responsible for the global business of Mercedes-Benz Cars and Mercedes-Benz Vans. Ola Källenius is Chairman of the Board of Management of Mercedes-Benz AG. The company focuses on the development, production and sales of passenger cars, vans and vehicle-related services. Furthermore, the company aspires to be the leader in the fields of electric mobility and vehicle software. The product portfolio comprises the Mercedes-Benz brand with Mercedes-AMG, Mercedes-Maybach, and G-Class with their all-electric models as well as products of the smart brand.

The Mercedes me brand offers access to the digital services from Mercedes-Benz. Mercedes-Benz AG is one of the world's largest manufacturers of luxury passenger cars. In 2023 it sold around two million passenger cars and 447,800 vans. In its two business segments, Mercedes-Benz AG is continually expanding its worldwide production network with more than 30 production sites on four continents, while gearing itself to meet the requirements of electric mobility. At the same time, the company is constructing and extending its global battery production network on three continents. As sustainability is the guiding principle of the Mercedes-Benz strategy and for the company itself, this means creating lasting value for all stakeholders: for customers, employees, investors, business partners and society as a whole. The basis for this is the sustainable business strategy of the Mercedes-Benz Group. The company thus takes responsibility for the economic, ecological and social effects of its business activities and looks at the entire value chain.

LANDSCAPE ARCHITECT

Field Operations

Founded in 1999, Field Operations is a leading-edge landscape architecture and urban design practice based in New York City, with offices in San Francisco, Philadelphia, Shenzhen and London. Field Operations is renowned for strong contemporary design across a variety of project types and scales, from large urban districts, master plans and complex planning sites, to small well-crafted, detailed design projects. Regardless of scale, there is a special commitment to the design of a vibrant and dynamic public realm, informed by the ecology of both people and nature, rooted in place and context.

The ultimate aim is to bring beauty, health and vitality to the different kinds of environments where people live and interact. Given the current day urgency of creatively addressing challenges of changing climate, diminishing resources, environmental decline, social inequity and rapid urbanization, we focus upon design that thinks and acts big, that elegantly solves real problems, and shapes more sustainable and resilient world for everybody.
